Update 15.02.2017

Please not the following small updates for SplitRacer 1.0:

- Additional option when viewing single splitting results: for large data sets, a 'one event at a time' viewing mode was added
- Bug fix in layer2_app_split.m
- Bug fix in layer2_3n_app_split.m
- Minor changes in rc_phases.m, qc_phases.m, plot_ex_data.m concerning filtering
